

Sentinel XL[®]
CONVERSION KIT

**Healthcare
to DECON
in minutes!**

Get more out of your PAPR systems with ILC Dover's CBRN Conversion kit

Did you know the Sentinel XL PAPR blower serves additional applications beyond infectious disease/Covid response? It might surprise you to know that with your existing system, you can also do decon work, simply by using a CBRN conversion kit (ILC # S-5000-05).

The CBRN conversion kit includes a butyl hood with integral breathing tube, and a pack of 3 CBRN filters. Simply attach to your existing Sentinel XL blower and you now have a NIOSH approved CAP 2 CBRN PAPR.

With ILC Dover, you can save money without having to buy multiple systems for multiple uses. One blower, multiple applications.

Get the most of your PAPR usage with ILC Dover's CBRN conversion kit.
