CONTROL™

CONTROL LOW ODOR MASTIC REMOVER

is our most popular solvent for dissolving tough asphaltic floor mastics. The low odor blend of aliphatic and aromatic hydrocarbons is a very powerful formulation with built-in penetrants and surfactants to ensure quick action and easy clean-up.

141°F Flash. KB value = 47

CONTROL CCV-LOW ODOR MASTIC REMOVER

is a CARB compliant formulation of soybean based solvents and hydrotreated petroleum distillates designed to safely and efficiently dissolve floor tile mastics. The combination of these two solvents produces a highly effective and powerful solution that performs well, has very low to non-existent odor and is also easy to clean up post removal.

174°F Flash. KB value = 34

CONTROL GREEN MASTIC REMOVER

is the first mastic remover formulated to meet California's strict VOC regulations. This very low odor mastic remover is also a very powerful and effective solution.

No VOC's. 175°F Flash. KB value = 36
